The Political Pot

BY O. WILLIS BROWN

Roy Wilkins, executive secretary of the NAACP, in his weekly column "Along This Way" in the Amsterdam News, the day after July 28, under the caption "The Marshall Scandal" warned the Democratic Party of the political blunder they are committing by delaying the confirmation of Judge Thurgood Marshall.

Wilkins laments the prolonged delay on the Senate Judiciary Committee in taking favorable action on the Marshall appointment. President Kennedy nominated Marshall last October but he has been shunted about and around by the Senate Judicial Subcommittee, by chairman Senator Olin Johnson of South Carolina.

Wilkins then warns the Democrats, "It will be a political calamity of the first magnitude if the Democratic Party and the Kennedy Administration permit Southern chairmen of Senate committees to prevent the Senate from voting on Judge Marshall. There is now evidence that the Republicans have agreed on a strategy of supporting Marshall so that it will be demonstrated (once again) to millions of Negro voters that the Democratic Party is permitting its Dixie wing to choke it into impotence."

The Democratic Party has been growing in popularity with the Negro voter since the days of the late Franklin D. Roosevelt. But it now looks as if the tide has changed and the Thurgood Marshall appointment will give the issue that could wreck the Democrats with Negro voters.

Thurgood Marshall has held a high esteem by the Negroes of America. He has been their lawyer for years in their struggle for civil rights. Marshall has won more civil rights cases before the Supreme Court than any other lawyer in history, capped by the 1954 decision in the segregation case, *Seminole Tribe v. Florida*. He has been insulted in his handling of the Marshall nomination. He had Marshall present at scheduled meetings of his committee when left the NAACP legal great cooling his heels while Johnson and his colleagues were off some place enjoying themselves.

I sincerely doubt that the Negroes of America will accept this undeserved and discourteous treatment of this man who has fought so hard and successfully to gain for them their fundamental rights. The Democrats are in for mighty big surprises if they feel they can permit these Southern senators to treat Thurgood Marshall like dirt under their feet without protest. It is over hard

Form Committee To Aid Negroes In Albany, Ga.

NEW YORK CITY — Formed to aid the All-Negro Committee in the week by Assemblyman Louis E. Wohl of Manhattan's 11th Assembly District. The group's immediate aim, according to Wohl, will be to raise \$10,000 as an emergency fund for the southern city's voter registration campaign.

Dr. W. G. Anderson, chairman of the Albany Movement, organized the Harlem group's invitation to Wohl. Wohl spent last weekend and spoke during a series of public rallies throughout Albany, Aug. 23, it was explained.

"The purpose of this visit is to help create a greater public awareness of the cause of the fight being waged by the courageous citizens of Albany," Mr. Dickson added.

"We want to let Dr. Anderson and other leaders of the Albany movement know that entire Negro community in New York is behind their absolute freedom," Dr. Anderson said, with his two children, who are at Idlewild Airport late Thursdays and Fridays (8/20-22) and Saturday and Sunday. One major rally is scheduled for Friday evening at Metropolitan Baptist Church, 125th Street and Avenue C.

Mr. Dickens, who is also director of the local NAACP, said that the Negroes of Albany would be sold for any of the events being arranged under the condition that he be solicited in the hope that Marmon would demonstrate solid support for freedom.

NAACP Petitions NJ 'Commish' To Halt School Segregation

(Story on Page 2)

TRENTON, N. J. — The National Association for the Advancement of Colored People has filed a petition of appeal with the New Jersey Commissioner of Education calling for elimination of existing school segregation in Bridgeton, N. J.

The petition, which was filed on Aug. 15 on behalf of 29 Negro school children and their parents, specifically prayed that the Commissioner of Education "immediately end all segregation by the construction of additional to the all-Negro Burchette elementary school. It further prayed the construction of a new elementary school and make it physically undesirable and unsafe."

The Bridgeton Board of Education, the petition alleged, was holding desegregation in two virtually all-Negro elementary schools. It protests the failure of the Board to eliminate the

doubtless sessions by the beginning of the 1962 school year. Negro enrollment in the Burchette school is 99 per cent, despite the fact that white children of elementary school age live within the school district.

In April the NAACP presented the Bridgeton Board of Education the proposed site for the new elementary school and strongly urged that a new location be found so that it would be accessible to both white and Negro children. The Board, however, asked to re-draw elementary school zones to eliminate existing segregations. Two elementary schools are virtually all-Negro and six are predominantly or all-white.

The NAACP now requested that the Commissioner of Education for New Jersey grant a hearing so that the legal and constitutional issues involved may be heard. The Commissioner has also been asked to issue an order to the Bridgeton Board of Education "requiring it to take all positive steps to eliminate all aspects of segregation in the Bridgeton school system, effective no later than September 1, 1962."

NAACP attorneys represented in the petition are Robert Johnson of Camden, N. J.; Robert L. Carter of New York and Miss Barbara A. Morris.

Minorities Unit Of Dist. 4 Backs Sarle And Smith

The Minorities Committee of District No. 4 AFL-CIO unanimously voted to vigorously support the candidates of District No. 4 U.E. Members for Trans-Alaska Democracy.

Leo Smith, Sr., President of Local 400, and chairman of the Minorities Committee, which is comprised of Negro, Puerto Rican and Spanish speaking members in the New York-New Jersey area was reaffirmed as the Committee's candidate for Vice President of the District.

Smith, speaking before the special emergency meeting held yesterday, urged Aug. 11 to review new developments in the District election campaign.

"Despite all pressures I will remain in the race for Vice President of the District because I believe that I can and will advance the status of every Negro, Puerto Rican and Spanish speaking member in U.E. No. 4. An invitation to immediately join the Minorities Committee to aid the fight for full equality in U.E. and in industry."

The Committee voted to raise minimum membership and extend to every Negro, Puerto Rican and Spanish speaking member in U.E. No. 4 an invitation to immediately join the Minorities Committee to aid the fight for full equality in U.E. and in industry.

Cantwell Praises Jersey Guardsmen

TRNTON, N. J. — The non-divisional units of the New Jersey National Guard which completed two weeks of field training at Camp Drum, N.Y., recently may have been commended by Major General James F. Cantwell, Chief of Staff of New Jersey.

General Cantwell, who inspected the troops in the field, said that the fine work in which they carried out their training missions, despite heavy rains and unseasonable cold, was a credit to the men and a determination to achieve the highest possible state of readiness.

The units that participated in the training were the 182d Armored Cavalry Regiment of the 182d Armored Brigade; 182d Armor Group with units in Middlesex and Warren Counties; 156th Transportation Company, Orange; 161st MP Company of Trenton; 317th Ordnance Company, Plainfield; the 62d Army Band of Camden.

Raps Dixie Dems For Marshall 'Stall'

Dr. Everett Simmons of East Orange, current president of the NAACP Branches of the Oranges and Maplewood, has come out in full support of Senator Thurgood Marshall of Mississippi, chairman of the Senate Judiciary Committee and Sen. Olin Johnson of South Carolina, chairman of the Senate Judiciary Subcommittee who have tied up the nomination of Thurgood Marshall to the Federal Court Bench.

"These Southern Democrats are guilty of a gross injustice to great American Thurgood Marshall has proven, over the years, to be one of the greatest constitutional lawyers this nation has produced. There can be no doubt about his qualifications to serve in a Federal Court Judge. He is being punished by these men who are afraid to do their effective job in the courts of this nation in behalf of the Negro and his right to all the constitutional guarantees."

"As one who has been a dedicated NAACP worker, I bitterly resent this Southern Democrat's stand against Thurgood Marshall confirmation. He has been Mr. Civil Rights and a thorn in the side of the bigots who would deny to the Negro what we all take for granted when we need him and now is the time for us to stand behind him and give our support in this crucial hour."

I feel that if the Democratic Party wants to let these Southern Senators deny Thurgood Marshall his well deserved appointment then, we must meet

the mat the polls in November and send the Democratic candidates down to ignominious defeat," Dr. Simmons told the Herald News Tuesday.

The Jersey Guardsmen included testing of infantry squads, tank platoons and artillery teams by Regular Army evaluators. General Cantwell said he was confident the results of the tests would show the Jersey units to be effective.

Paul Zuber's Rally At Englewood Park Has Poor Turnout

ENGLEWOOD . . . The much discussed public meeting called by Attorney Paul Zuber, representing the Englewood Movement, ground-breaking against racial segregation here, was held last Saturday and passed without incident. Mr. Zuber had predicted that he would draw a crowd of between 3,000 and 4,000 persons but only 500 turned out.

The meeting was orderly and the gathering listened to Augustus Harmon, president of the NAACP; William Scott, head of the Rockland County, N. Y., office of the NAACP; James Lomax, well-known author and Mr. Zuber.

The most exciting incident occurred when John Johnson, vice-chairman of the American National Party who had been denied a permit to hold a counter rally, was arrested for allegedly conducting for allegedly distributing "hate" literature.

The small turnout represented the small number of Negroes in the community. The last two local ministers who had urged their members to boycott the meeting, though, said they regretted the rather refined tactics employed by Zuber in fighting for school integration here.

Major Apolin N. Vols, lauded the responsible Negro citizens of Englewood for their refusal to participate in the meeting while the white citizens supported the rabble-raising tactics of outsiders.

The citizens of this community seem determined to work out their school problem. It is quite possible that even on a same and unmonitored basis. It is quite possible that

to conceive of any Negro Democrat going about campaigning for his party this Fall. They can't do it in good conscience or with any race pride. The Thurgood Marshall speech on the issue among Negro voters. That is as it should be. It will not be a case of what the Negro thinks of the GOP as much as it is what they think of Thurgood Marshall.

He is a man who has risked life and limb in the defense of his people. He is a man who the Democratic South would prefer to have nothing to do with him or his organization because he has been too great a champion of civil rights. Just think of Senator Johnson using as an excuse for denying him confirmation that Thurgood Marshall has been engaged solely in civil rights cases for the last 10 years and is therefore a "one-sided" lawyer.

Will we not be silly by while Southern bigots have a field day at Marshall's humiliation and chagrin? I don't think we will.

Gov. Hughes Blocks Return Of Pair To Chain Gangs

By EDWARD MURRAY

TRENTON (Special) — Marking the first time in history that a governor of the same political party has overruled an order by the former chief of state, Gov. Richard Hughes granted a parole Tuesday to Albert Owings of Edison, N. J.

Owings, 48, was due to be returned to South Carolina on an extradition warrant issued by New Jersey Governor Richard Meyer. He was wanted in South Carolina to stand trial for rape. He escaped in 1954, after serving seven years of a 20-year sentence for being convicted of attempted rape.

Governor Hughes, who signed a warrant for his return to South Carolina last March, had a change of heart after receiving a letter from Gov. Farris Bryant of Florida. The letter explained that Owings had been tried and convicted of the rape charge in one hour, and had never had the services of a lawyer.

Rape charges were dropped here as the result of father's divorce. Divorced from his wife, he continued to seek monetary support for the legal support of his two children.

The tracing of these payments here led to his arrest earlier this year.

Waging successful fight against extradition of the two men (under \$350 bail since

their arrest) were Randolph Zalowitz of Elizabeth, for Owings, and Thomas Gagliano of Long Branch for King. Owings is serving a 10-year sentence.

The action by Gov. Hughes in Owings' case is unprecedented in the history of the governors of the nation. It marked the first time that the state's highest officer has ever rejected an extradition order by a predecessor of the same party.

As expected, the New Jersey Governor faced some sharp criticism from South Carolina, in Columbia, the capital. State Attorney General Dan W. McMillan said:

"I never heard of such a procedure. The power to parole prisoners of this state is vested in the governor. Owings is a fugitive, an escapee."

Graham Crackers

By GLADYS P. GRAHAM

One of the Navy's ace journalists, Richard Graddick, Public Information Assistant to the Commander, Military Sea Transport Command, Brooklyn, N. Y., became berserk last week when his mother, Mrs. Ernestine Graddick of Philadelphia, died suddenly as a result of a heart attack. She was 77 years old. She died at her home in Philadelphia, from the Family Practice Medical Home, and is interred at Mt. Sinai.

Sadness apparently follows gladness as a few weeks ago Chief Naval Journalist Graddick gave the hand in marriage to his fiancée, Barbara Eustace Beckon, at Our Lady of Victory Catholic Church in Philadelphia. Mrs. Graddick will fly to Detroit to spend the hospital visit with her son. The publications staff of the NSNSM (Navy) will serve as the MISTS Press Room representative working with news men along the Seaway route to Canada.

Graddick was the first and only Negro Journalist in the Navy and has come from the service into the Navy by hard work and perseverance over the past two decades as a career serviceman. His daughter was recently married and the next steps of her illustrious father are in her way in the footed Journalist Graddick will jet to New York City to Brooklyn Headquarters where he supervises a staff of writers and newspapermen at the facility where he is rendering a long stint.

NEW YORK — Dr. John A. Hannah, President, Michigan State University; Dr. Edward E. Mich, and chairman, U. S. Commission on Civil Rights, heads the list of prominent speakers invited to the 1962 National Conference of the Urban League in Grand Rapids, Mich. (Sept. 1 through Sept. 5) to be held here by Henry Steiger, League president. Dr. Hannah will speak at the Public Meeting in the city's spacious Convention Hall.

The theme of the Conference is "The Challenging Challenges of Tomorrow." Highlights of this year's Conference will be the presentation of Task Force reports

which will form the basis for the discussion of such problems and issues as urban renewal and retraining of workers; school drop-outs; and youth unemployment. There will be newcomers into urban areas; services to senior citizens; urban renewal, housing and open space; addition and foster home services.

A Conference feature will be the awarding of service awards at the Annual Banquet Wednesday evening, Sept. 5, to individuals and organizations that have made conspicuous and notable achievements in this field.

The other speakers are Bill Moyers, Associate Director of

the Peace Corps; James McBride Babbs, president of the Southern Regional Council of Atlanta; and Dr. Kenneth E. Boulding, professor of physics of the City College of New York, and research director of the Brookings Center for Child Development.

Whitney M. Young, Jr., NUL executive director, will make a executive report on the important organization that has been placed within the Urban League movement this year in response to the many unanswered challenges and demands for services which many persons feel the League is uniquely qualified to meet, Mr. Steiger said.

The Grand Rapids Urban League, of the Rev. Edward E. McEndoo and Paul L. Phillips are president and executive director, respectively, is serving as Conference host, and Judge John Letts, of the Grand Rapids Municipal Court, are co-chairmen. Mr. Steiger is serving as Conference chairman.

More than 600 delegates and visitors from 50 states are expected to attend the five-day meeting.

Asks Cincinnati Paper to Desist

CINCINNATI—The NAACP is spearheading a selective buying and picketing drive against the Cincinnati Enquirer for its racial policies.

William F. Bowen, local NAACP president, charged the Enquirer's editorial board espoused most practices, racial classified newspaper, restrictions on Negro social news and biased news reporting.

Mr. Bowen led a committee consisting of Negro leaders, president and publisher of the newspaper and associates, during a recent conference with Negroes.

The publisher promised that "We are going to do everything to establish some sort of an employment practice where a Negro would be hired for a better job than those now offered on the Enquirer," by Negroes.

Meanwhile, since no tangible results have been seen, the NAACP is continuing its drive.

Conclude 'Music Under The Stars'

The final "Music Under the Stars" band concert will be held this coming week in the Cuyahoga County Parks.

Ed Farley, composer of "Music Under the Stars," William F. Bowen, local NAACP president, charged the Enquirer's editorial board espoused most practices, racial classified newspaper, restrictions on Negro social news and biased news reporting.

3 reasons why you enjoy the world's best phone service

Research

Bell Telephone Laboratories is constantly working to increase America's lead in communications. For example, the transistor and the solar battery were invented right here in New Jersey by the Bell Telephone Labs. They are now working on tomorrow's communications—devices that send thousands of phone calls over beams of light—communications satellites—and many other things that were just science fiction a few years ago.

Manufacturing

Western Electric engineers work closely with experts from Bell Labs to build the telephone equipment you use at home—and the hundreds of thousands of specialized communications products that give us advances like nationwide Direct Distance Dialing. It's a big job—employing nearly 20,000 people in New Jersey alone. Their production skills help hold down the cost of telephone equipment—and your phone bill.

Service

New Jersey Bell brings the benefit of this research and manufacturing skill right into your home. And it's quite a benefit: phone service so good that everyone takes it for granted. Every day, both the men and women of your telephone company, Western Electric and Bell Labs, are working together as a team to make your phone service better still.

Appoint 2 Dem Negro Women To High State, Federal Posts

WASHINGTON — The appointment of two Negro women to high level state and Federal posts was cited yesterday by Dr. Martin Luther King, Jr., as a mark of merit without regard to race, color or creed.

Gov. William W. Baroni (D. W. W.) announced the appointment of Dr. Mildred Bateman of Charleston, as Executive Director of the State Department of Mental Health, a \$75,000 a year post.

"This signifies the advancement of women in the Democratic Party as partners in government," Mrs. Price said.

With Mrs. Bateman, the Community Leader held in May of this year in Washington.

Dr. Bateman becomes the highest state appointment ever made of a Negro woman. She is succeeded the late Dr. Charles A.

her talents. Mrs. Price added that the appointment of Dr. Bateman was made on the basis of merit, without regard to race, color or creed.

Mrs. Lawson, a former social worker and teacher, has been a native of Pittsburgh, Pa. She was created with early recognition of the presidential possibility of John F. Kennedy, having worked with him since 1957 while he was in the Senate of the United States.

She has been a director of civil rights activities in his campaign, and she traveled extensively with him.

Last week the president appointed her as a member of the Commission on Equal Employment Opportunity of which Vice President Hubert Humphrey is Chairman. Mrs. Lawson

served as co-chairman with the Vice President of the Conference of Negro Businessmen.

With the appointment of Dr. Bateman, the State Board of Psychiatry and Neurology, a title that is given preference to state law in naming its top medical official, she is succeeded by William L. Bateman. She is married to William L. Bateman and they have one daughter, Denna, 15.

Zeller. Governor Barron said: "Baroni's appointment enhances the Mental Health Department to continue to function in a smooth and orderly manner. I am pleased to have her as a member of our staff."

"West Virginia is fortunate to have a person of her caliber."

The new mental health chief has been in psychiatric practice since 1958, when he became a psychiatric fellow at the University of Philadelphia. She later had a private practice in Philadelphia. She has served twice as a medical director of the Hospital in Charleston. In 1955, she completed three years of residency and fellowship to the University of Kansas Medical School.

In 1957, Dr. Bateman was selected as a diplomate of the American Board of Psychiatry and Neurology, a title that is given preference to state law in naming its top medical official. She is married to William L. Bateman and they have one daughter, Denna, 15.

ENGLEWOOD'S GROWING PAINS

What Englewood, New Jersey needs is a specialist in human relations to cure its giant community ills — the result of growing pains.

Everyone is hoping Englewood will find the painless way to combat the community ills (more formally known as the fight for integration), but nobody seems to know what can be peacefully achieved. Few cures of bias, tense race relations and other social ills in communities segregated are painless.

Now that Englewood's "famous" fight has been won, the city and spokesman for both sides have been making headline-grabbing statements. The two communities battle for integration is attracting attention both home and abroad. This is because for many of its residents for living in this fabulously wealthy town are many benefits. Englewood is being considered as being considered "liberal". We don't mean "narrow" here, but with the Negroes here, some of their citizens have remained silent — and we'll respect their right of privacy in their homes.

But we must understand the Englewood situation better by realizing that a short two decades ago no one could count the Negro families who lived here on two hands. In those days they lived in one or two sections of town where they had no place to live. Most Negroes were expected to live for their remaining years. It seemed as though the Negroes had no place to live in except in complete agreement on this point.

However, few folks except Negroes seem to realize that the post war building boom would bring havoc and chaos into the midst of their happy little community.

The early '50's saw Negroes buying and building on hastily cleared land in and near the so-called Negro areas and then moving into other parts of the neighborhood. The building boom continued to spiral beyond expectation, and soon Negroes were invading the white-walled sections and had expanded as far as Englewood.

Heights, a hitherto section where the only Negroes who ventured there were dom-

estic. One of the reasons Englewood had remained ultra suburban was because of the lack of industrial factories and the like. A few light industries operate on the outskirts of town, but by and large Englewood is occupied here and working elsewhere. So a great many of the town's Negroes are employed outside of Englewood Heights, are concentrated middle-class. This term also applies to the majority of Negroes.

But when the opportunity to buy new houses in a community almost entirely composed of Negroes and ghettoed itself, colored citizens from New York and other urban areas flocked to Englewood. They took their responsibilities of good citizenship and began to take an active, avid interest in the municipal government and their elected community leaders.

This interest finally brought the now famous school fight. It also uncovered what many consider a great deal of other community problems.

However, I would venture to say that the present day unrest and just dissatisfaction of Negroes in Englewood is nothing new. Englewood is nothing new. At least that was when I first noticed a strong Negro community. Englewood has always been a politically active community and has been a favorite place for Negroes to live. It was almost a "must" to be a Republican in Bergen County which is still true, but the trend is toward the Democratic Party in New Jersey.

Ministers and community leaders alike have easily seen that many community changes and they made several attempts at using politics as the means to achieve their ends, but less militantly than Atty. Paul Zuber, the NAACP and the Urban League. Englewood was outnumbered by the white majority. One of their first community attacks was levied against the Negroes in the late 40's and early 50's, but by then all their efforts were

HURRICANE PRECAUTIONS

By THOMAS S. DIGNAN, Acting Director
New Jersey Division of Civil Defense

Knowing what to do to prepare for a hurricane, how to act during the storm, and what to do afterwards, could save lives. Residents of New Jersey and all other states, and find the following tips invaluable should a hurricane or flood take them into their area.

RIGHT NOW BEFORE THE HURRICANE SEASON ARRIVES YOU SHOULD:

-Check your home for loose shingles and shutters; shake chimney and trees for dead or dying tree limbs.

-Have handy a flashlight, candle, matches (in protected container). Also a hand saw, a chain saw, a crowbar, a Crammed-masking tape on glass, and should prevent this.

-Learn the locations of water and gas companies, your motor electric, telephone, and gas oil companies.

-Residents of exposed areas should supply a store of nail over windows. A source of food should be stored in the most vulnerable spot in the house.

DURING THE HURRICANE WHEN IT IS ORDERED YOU SHOULD:

-Stay indoors. Be sure that a window or door can be opened on the outside. If you must go outside, oppose the wind the wind. If you will only tie up soggy clothes, you may keep your radiators neighborless.

-Flush water heater tank until tank water can be used for emergency drinking.

-Close doors. Another obstacle such as loose lumber, tools, metal signs, windows and lawn chairs, while causing damage, are destructive in hurricane winds.

-Flush water heater tank until tank water can be used for emergency drinking.

-Guard against spoiled food refrigeration.

-If house is flooded or damaged, call your insurance agent, public health officials and building inspection before you may re-enter.

When possible, stay away from disaster areas where you may be exposed to disease or work.

Drive cautiously. Watch for debris; pavement may be undermined by water.

WHEN HURRICANE IS PREDICTED AND AN ALL CLEAR IS DECLARED YOU SHOULD:

-Replace bathtubs, fixtures, bedding and cooking utensils with new ones.

-If possible, clean an unoccupied flooding area as soon as possible to the second floor.

equal opportunities are well

utilized as they grew in popularity.

Now that Englewood's Negro population is almost double that of pre-war days, its voice is considerably stronger. Calmly, the Negroes have found ways of winning against insurmountable odds and apparently nothing can daunt their will to win.

They have been discriminating in their choice of weapons by choosing those which steeped in the knowledge of such battles, but by using the ballot box, they have examined the voting history of Englewood to pinpoint the first success. They set toward disengaging the community from the Democratic Party which wood the Negro voter, paved the way to success in municipal, county and state affairs and it was a great deal of concern to while Negroes look to their former loyal supporters look the other way.

Now that Negroes have a taste of success integration through politics - it is inevitable that it will be seen and heard on all levels of community endeavor. School integration is the place to start.

DANGER!

DON'T PUT SIGNS ON UTILITY POLES

Every day, hundreds of Public Service linemen climb utility poles to help keep your electric service at its best. But many poles have become so covered with metal nails and staples that it has created a safety hazard. Linemen depend on poles to support them when working on them to provide sure-footed climbing. But if there are nails and staples in the pole, there's a chance that a lineman's spur will not dig into the wood. A serious accident can result.

"Please help our linemen to help you. Do not put signs on utility poles!"

Puerto Rican News & Views

By SAMUEL ARROYO

SAMUEL ARROYO EQUAL OPPORTUNITY . . . WHERE?

I endorse the Voter Registration Drive sponsored by the New Jersey Branch of the National Association for the Advancement of Colored People. I join them in order to help add more Spanish-speaking names to the voter registration rolls. The POLITICOS are taking of these good and honest citizens who are giving their time and talent to our cause.

These POLITICOS promise a lot of things, including the MOON, during their campaign, but when elections are over their promises are forgotten. KENNEDY'S POLITICAL CONNECTIONS are taken off the books and honest citizens who are giving their time and talent to our cause.

What about the Puerto Rican Gov. Hughes announced he was going to appoint his cabinet members, a few?

3) How about the scandalous way city jobs are being distributed, a few?

Italians are receiving good salaries; the only job available are garbage collectors and Hospital attendants, attendants at Hospital and Projects attendants even if we qualify for a better job, consider that an insult and a discrimination to any Negro group who is seeking for advancement. There is no EQUAL OPPORTUNITY when minority groups are intentionally pushed aside.

Don't forget MR. MAYOR, that you or any other Negro can not win an election only with Italians. Moreover, many of them don't vote because of their apathy, but they do not care what needs the Puerto Ricans and Negroes as we need an EQUAL OPPORTUNITY TO WORK. Our Puerto Rican friends in this city of Newark count with men that qualify for decent jobs even to the city Mayor.

If you think it is good we will not bite you, but if you mistreat him you know what will happen because it happened to the recent Murray and Johnson.

I urge the City Councilmen to interfere in the above matter and see that the Negroes are not discriminated in a discriminatory way.

Electors are disappointed as well as the volunteer workers who campaigned for the change and who were instrumental in getting in any candidates budget or city budgets and who are at present, jobless. We are not asking you to give us a job, but we will try to give you more information on this matter and please, you read this article, down the page, and say, Give it to your friend and ask him to join our protests.

Good company, and good discourse are the very sinews of virtue.

Metro Teams In Single Round Tournament For Champions

By JAMES C. MONSELLE

Fans in the Newark Metro-politan area are once again invited to a single round elimination tournament sponsored by the Metropolitan Soft-ball League. Officials of the Metropolitan Soft-ball League, originally set up a World Series arrangement which would have featured two contestants from the Newark Division, Little's Lounge and Orlif Lounge, however, sponsors of the Newark Division expressed a preference for the new arrangement and a bias moved to culminate activity this year.

The contestants in the Tournament are Little's Lounge, Playhouse, Dragon Lounge and Club Twin in the Northern Division; Charley's Long Bar, Ritz Lounge and Celeb's Corner in the Southern Division. It must be clearly understood that the Tournament is

separate and apart from the pennant race and is set up so that it does this after the fact that the pennant winners are Little's Lounge and Orlif Lounge in the South.

The Metropolitan Softball League has been referred to as the "League of the Stars" due to its organized athletic activity in our area; it is without a doubt the most popular and largest Softball League in the Newark area.

Essex County. The role of a sponsor in this League is important.

The League is deeply interested in the 16 men who had the insight to realize the goal that an organization of this type can create in the community and to finance the operation, however, in any organization there are certain rules and regulations which must be followed and also certain individuals who are assigned the task of carrying out these rules. The operative structure: the operative patterns un-

der which the Metropolitan Soft-ball League functions will be followed to the letter in the future and any deviation from the policies by any of the parties involved will result in the disbanding of the organization if the organization is to sustain the status it now occupies.

Attention at this time is being given to the American Square Dances which will be held at the Terrace Ballroom Sunday Oct. 7, from 5 to 11 p.m.

The Metropolitan Softball Leagues Institute is once again sponsoring the League's Annual Banquet, the purpose of the presentation of upwards of 160 achievement awards.

The League is soliciting the public's participation in the public in making this affair a success it should be. The League is confident that if the public participation is successful they can present to the populace of our area next year a program the likes of which has never been seen in our area.

Many celebrities and community leaders have been invited to participate in this affair and

they have all expressed a willingness to contribute to this worthy cause. Public support of any program is the key factor for any degree of achievement and this aspect has been the forte of the success of the Metropolitan Softball League.

The opening round of the tournament finds Little's Lounge meeting Club Playhouse at Walsburg Park and Dragon Lounge meeting Club Twin at Walsburg Park No. 4 in the Northern Division and Club Twin in the Southern division pits Club Lounge against Charley's Long Bar at Weequahic Park and Club Ritz Lounge against Club Ritz Lounge. All games will be played at 10:30 Sunday, Aug. 26.

Shriners & Eastern Stars Back JFK On Health Care

MINNEAPOLIS — Two of the nation's largest Negro fraternal organizations have endorsed President Kennedy's program for Medical Care to the Aged Under Social Security.

At their annual conventions held last week here, delegates to the Ancient Egyptian Arabic Order of the Nobles of the Mystic Shrine and the Order of Eastern Stars unanimously approved resolutions supporting the program.

By similar legislation health benefits to be administered through the Social Security system that retired Negro workers will stand to gain the most benefit from medical care and freedom from the fear of insecurity of old age.

Emperial Postmaster Book T. Alexander of Detroit and Grand Worthy Matron, Mrs. Lavonia Brown of Chicago voiced the support of their organizations when they praised the Kennedy sponsored legislation as a "giant step forward" in the fight to end poverty and to make the golden years happy and useful years.

The Imperial Postmaster also modifications in the King-Albenian measure to include all persons 65 years and older in Medicaid coverage. The Shriners and the Eastern Stars rep-

SPORTS ROUNDUP

By JOCKO MAXWELL
Sports Director

Radio Station WNR

Two Colored American citizens of the sports world enjoyed signal success last week when their names were — Charlie Sifford, the top Colored amateur golfer and Little Davey Moore, the world's best deafweight boxer. Both have gained little publicity in their respective categories.

Davey Moore, the pride and joy of Columbus, Ohio made short work of Olli Mäeki, the Finnish boxer who had won the title bout at Helsinki, Finland. Mäeki was an outclassed challenger before the TNT shots of the 10th round. A vicious right attack ruined the Finnish battler in the second round. After Mäeki hit the canvas three times, referee Harry Rose called a halt to the action.

Despite what may have read or heard, Davey Moore is one of the best all-around boxers in fistland today. He's overshadowed by the action in the ring, but his record is as envied as is an imposing one — he's won 36 of his 62 professional bouts. Moore has chilled 28 opponents in his career. The Moore will meet Sugar Ramos of Cuba in his next bout next October in Los Angeles.

Charlie Sifford, coming out of Los Angeles is overshadowed in the golf world by the likes of Arnold Palmer, Lee Trevino, and Gene Littler, etc. However, Sifford with his bold black cigar, his constant companion, jiving and jiving, is making a great of in winning the annual Three Ring Charity Open at the Asbury Park Golf and Country Club.

Sifford opened with a white hot 65 his following rounds of 78 and 76 with a total of 229 placing close to the next golf enabled him to pick up the first place money of \$10,000. His 65 in the first three rounds gave him a strong lead. Ted Rhodes, another Colored American golf pro made a credible showing with a 716 mark.

Sifford in the past few weeks has been a regular at the golf putting which in the past cost him innumerable tournaments and of course kept his wallet flat.

If Coleman continues to improve, he could be first string catcher for seasons ... Coach Alie Sherman of the New York Giants and the New York Yankees, and Gil Gaiter, his steady left half-back definitely figures to see lots of action in the offensive wing of the Giants this season.

Emil Griffith's punishing ability to score in what Dennis Moore last Saturday evening at Bobo Brazil's retna match with Nature Boy Buddy Rogers with a 10-0 victory over the latter, at stake will be a thrill for the wrestling fans. Athletes Needed In Peace Corps

The Peace Corps is looking for boxers, wrestlers and Judo experts.

They want swimmers, basketball players and track and field athletes.

In all, the Peace Corps is seeking individuals, both men and women who have participated in college sports, for projects in Mexico, Senegal and Ivory Coast.

The athletes, who need not be college graduates, have been selected by independent African nations to coach and assist in the training of regional and national teams.

The African governments are keenly interested in sponsoring and fostering the tremendous interest in sports in their countries.

Government officials look upon this interest as a way of spreading the word of widespread sports interests to many peoples accustomed to rigidly descended and stratified nations and to identify them strongly as participants in the single endeavor of building a better Africa. Similarly, they feel that sports can be one of the most effective ways of working with the nation's youth.

Training for those selected will begin about mid-October in an American university. African governments that submit applications immediately and notify their references to respond to them as soon as they are contacted.

The Peace Corps is drawing on the experience and knowledge of leading sports organizations and associations in devising and administering the training program.
